ECOLIT
CONSTRUCTION SYSTEM

Builder outreach one-pager for ADU, design-build, and permit-driven small-home teams.

WHY BUILDERS BRING ECOLIT IN EARLY

PERMIT PATH, FIELD LOGIC, AND HOMEOWNER CONFIDENCE IN ONE INTRODUCTION

Better permit conversation. Cleaner field execution. Stronger homeowner confidence.

ECOLIT helps builders sell the framing logic earlier, coordinate the structural path more cleanly, and keep site teams inside a more predictable install and inspection flow.

- BUILDER PROPOSAL PACK
- INSPECTION RESPONSE SUPPORT
- PRE-MADE MEP OPENINGS
